Dear Friends and Prayerpartners

Nairobi, Mai 2011

We thank you with all our heart for your Interest and engagement in the life of the Ark School, esp. in the past year. This was and is an incredible help and encouragement for us, since we were really struggling to move forward with the enormous costs of the new School building. Because of your generosity, the Ground level could be completed and we hope to have a small celebration to open the School at least partly in an official way. We really want to thank you for your contributions and your Love we experience here.

By now we have 200 kids enrolled in the School and every day new parents pass by to register their children for the new Ark School. But at the moment, this would overstretch our present Teachers-Team including the financial obligations. So we try to keep the number at this level.

The challenge of the Inside Finishing of the 1st floor lays still before us. Thanks for praying with us to complete it soon.

Two months ago an incredible Incident happened: God's encouragement was delivered right to our doorstep... Via other channels we heard of an Organization who provides Schoolbooks for small private Schools in the poorer areas. Interestingly our names were already on the list through former meetings our leaders attended, and in no time we received sufficient books for each child for each subject.. This was a miracle. We could not move anymore in our little office without stepping on books. Very quickly some new Bookshelves were done , starting a new exciting era.

In one of our German Mission Magazine we shared a few months about two boys, who's father moved to another town for work. He left his children with his newly wedded 2nd wife, who did not enjoy just being a nanny. So she also ran away and left the kids in the destitute to care for themselves. After one week a neighbor found the kids weak and starvlingly hungry in their little hut. Relatives were informed who took them to their home far away. A couple of weeks ago, the father returned, fetched his kids and brought them back to the Ark School, this time even with their little sister... What a miracle and answer to prayer.

The Boys are really loved by the teachers and are very enthusiastic and alert during the Bible Storytelling time. They surely enjoy learning about Jesus, who hears their prayers and who loves and cares for them in their hard and difficult little life.

Please keep praying for the children , Parents and Teachers of the Ark-School in Kariobangi.

Thankfully... **Your ARK Team... Christel, Bentina and Bernard**
